NEAL'S CREEK NEWS

BELTON, Nov. 30.—Mrs. Wilson is spending some time here with her daughter, Mrs. Joe Erskine, Sr. Although more than seventy years of age, Mrs. Wilson is remarkably active. She also possesses a jovial disposition, as is shown by her view of life. She says people shouldn't be crying "hard times," but should rather be thankful that they are so comfortably situated as compared with those in Europe. She says her health is better this year than it has been for several years past.

Messrs. Floyd and Edgar McDaniel are succeeding in their work. The former is a physician located at Troy, S. C., while the latter is pharmacist, who recently moved from Atlanta to Tampa, Fla. They are old Neal's Creek boys, sons of Mr. and Mrs. H. P. McDaniel.

Miss Ouida Major, who has charge of Oak Grove school, this county, spent Thanksgiving at home, returning Saturday to resume her duties Monday morning.

The hog killing weather we had recently has resulted in the killing of several hogs in this section. Probably more of these will be slaughtered by our farmers this season than in the past, but their work will have been incomplete if they have not raised enough meat for all their needs.

Misses Lillie and Gladys Haynie of Triangle visited their sister, Mrs. J. T. Mann, last week.

Mr. Joe Erskine, Jr., familiarly known as "Bob," doesn't believe in depending upon cotton for a living. He has sold this season 75 bushels of seed oats, in addition to a large sowing he reserved for himself, receiving 75 cents a bushel. He also has a quantity of pea vines and other roughness, which is always in demand. Mr. Erskine believes that cotton should be a surplus crop.

Miss Mary Clinkscales of Belton was the guest of Miss Variana McDaniel recently.

The road work being done in this section is for the most part of a permanent nature, and this work has been badly needed for some time.

The new road at the Holland Hill has not yet been completed. The changes that have been made so far in the roads, and all the work that has been done show good judgment on the part of those in charge. Now, let our people show their appreciation of this work by seeing to it that the road ditches are not obstructed with dirt from their fields or otherwise.

Mr. Walter Elgin, who has made Birmingham, Ala., his home for some time, has accepted a position in Anderson.

As winter approaches a few words concerning church attendance will, I think, be appropriate. If the weather is not too cold or rainy for me to follow business or pleasure pursuits during the week, it is not too bad for me to attend church on Sunday. The truth is, church attendance ought to have first place, since Christ gave pre-eminence to seeking the kingdom of God and His righteousness. Clear, cold weather, of which we often have an abundance, is invigorating to those who are enjoying reasonable health, provided they exercise prudence in dress, and so the fact that it is a cold day is in many instances no valid excuse for being absent from God's House. Men will often be satisfied with our excuses, but reasons only will satisfy God. Some excuse themselves from church attendance on account on having company. Either invite your company to go with you, or ask them to excuse you while you attend your church service. If you think your visit to a friend or relative will prevent their attendance at church, better postpone that visit, and go when you will not interfere with their church duties.

Mr. Frank Elgin and his sister, Miss Alice, spent Thanksgiving with relatives near Due West.

NEW COUNTY WILL HAVE GOOD AREA

McDuffie County Will Contain 502 1-2 Miles. All Reports Are Filed.

The following article appeared in yesterday's Greenwood Journal. "The commissioners of the proposed McDuffie county have made their report to Gov. Blease and all that remains now is for the Governor either to call the election or turn down the proposition. The commissioners met with the surveyors and attorney R. H. Welch in McCormick yesterday and received all necessary reports.

"It is understood that the new county will have an area of 502 1-2 square miles, leaving over 600 in Greenwood, Abbeville and Edgefield. The population in the area to vote on the proposition is 15,000 and the taxable property is in the neighborhood of \$25,000. Three whole school districts and fractional parts of several others are included in the area to be taken from Greenwood.

Advocates of the new county are said to be confident that the proposition will carry, but by a small majority."

INTERESTING NEWS FROM BUSY SENECA

Man Arrested Thought to Be One of Gang That Robbed Post-office at Duncan.

Special to The Intelligencer.
SENECA, Dec. 1.—On last Friday night "Jack" Grant, acting night policeman, succeeded in arresting a man thought to be one of a gang of car breakers that were operating on the main line of the Southern. The other members succeeded in making their escape, though closely pursued by Special Agent Partee of the Southern's detective force, with blood hounds. The man arrested by Policeman Grant is now lodged in the county jail at Walhalla but refuses to give his name or divulge any information about himself, and some are of the opinion that he is in some way connected with the robbery of the postoffice at Duncan the other night.

Seneca to Lose Good Citizen.
Mr. T. S. Stribling has accepted a position with the Heath, Bruce, Morrow Company of Pickens and is preparing to move his family there this week. Mr. Stribling is a good man and a patriotic, public-spirited citizen, and his removal is a distinct loss to Seneca, and will be regretted by all. He was raised on his father's farm two miles north of here and the only other move that he ever made was when he moved in to Seneca some 15 years ago into the house that he moved out of this week. He and his interesting family will carry with them the well wishes of everyone in Seneca, for happiness and success in their new home.

A Marriage.
The marriage of Miss Blanch Sudduth to Mr. Frank Craig, which took place at the home of the bride's parents on last Sunday was quite a surprise to many of their friends in Seneca. The ceremony was performed by Magistrate Hopkins in the presence of a number of the friends of the contracting parties. They left on train No. 40 for their future home.

New School Teacher.
Miss Maggie Arnold of Woodruff, S. C., has been elected to take charge of the seventh and eighth grades in the Seneca graded school to take the place of Miss Stringer, resigned. The resignation of Miss Stringer was made necessary on account of the continued illness of her mother. While Miss Stringer had been here only a short time, yet she had greatly endeared herself to those whom she came in contact with, and was doing fine work in the school, and it was with many regrets that the board of trustees and patrons parted with her. Miss Arnold comes highly recommended and is a teacher of experience, and will no doubt fill the place she has accepted satisfactorily to all.

Dr. E. H. Hines to Leave Seneca For Anderson.
It is reported on the streets that Dr. E. H. Hines is soon to leave Seneca to take charge of the Anderson County Hospital at Anderson. Dr. Hines is one of the leading and most aggressive physicians of the State, being the secretary of the South Carolina Medical Society, and of the State board of health, and editor-in-chief of the South Carolina Medical Journal, and in addition to these duties discharging a large private practice. He has recently returned from London where he went for special study in his chosen profession. Dr. Hines is eminently qualified and equipped for such a position as the one suggested above, and should it be true that he has accepted it, Anderson has strong cause for congratulations. Though his removal would be a heavy loss to this town, for Dr. Hines is not only an able and aggressive physician, but he is a wide awake and public spirited citizen, always just as ready to push anything for the good of his community as he is to increase his efficiency as a physician. He is chairman of the board of trustees of the graded and high school of the town and was largely instrumental in building that school up to its present state of efficiency and aggressiveness.

Personal Mention.
Prof. H. C. Smith, principal of the

"Please Pay Up!"

WE have a great many outstanding accounts just now; more than we ought to have, by a good deal. We don't like to worry anybody about a bill but---we owe money, too, and can't pay what we owe, unless those who owe us, pay up.

Do you owe us a little bill?--- Probably if you do, it isn't much, and you have thought a few weeks more or less didn't matter. Well, ordinarily it wouldn't, but this is a time when every little bill matters to a merchant---and if you'll multiply your little bill by two or three hundred you'll see how such things add up on a store's books.

So, please drop in and fix up that little matter. The way we see it, business all over the country is going to be fine, mighty soon---all indications point that way---and one of the main things---almost the only thing that is delaying "good times" is the general slowness of collections. Please do your part to better conditions.

Be Up-to-Date

If you were thinking of building a new home and wanted it modern stylish and convenient, you wouldn't think of engaging an architect who is behind the times in his ways and ideas because he couldn't give the satisfaction you want. Surely you'd employ a man that is up-to-the minute, one who does his work by the latest methods.

The same principle applies to our clothes buying---clothes that are built by scientific methods and are usually the most satisfactory and least expensive.
